

RIS Smart Radio

Key features:

- Internet/DAB/DAB+ and FM-Tuners
- Internet radio tuner means global stations can be received
- Built in Bluetooth for music playback from a compatible device
- USB-C charge and playback port
- Alarm functions
- Auto dimming full colour display
- Time and date automatically update from DAB or Internet
- Charcoal, Mid Grey & Light Cream finishes

Total control:

Hotel Software for the RIS is available upon request. This software allows us to restrict the volume output, limit the alarm to 'once only,' and to display your property name on the standby screen.
